

Subject: Declaration of conformity pursuant to Regulation (EC) No. 1907/2006 (REACH)

Dear Customer,

Motor Power Company S.r.l., as a manufacturer and supplier of articles in the form of complex objects, is currently verifying its compliance with the REACH Regulation and is carrying out SCIP notifications for the complex objects it places on the market.

In particular:

- With regard to substances classified as Substances of Very High Concern (SVHC), Motor Power Company has requested all of its suppliers to indicate whether the products they supply contain any of these substances in a concentration exceeding 0.1% (weight/weight) and, if so, to provide complete and adequate information to ensure the safe use of the article itself.
- Articles/complex objects supplied by us containing SVHC substances included in the ECHA Candidate List in a concentration exceeding 0.1% w/w (weight by weight) will be notified to the SCIP database. As soon as we complete the notifications, we will promptly inform you of such articles, specifying the SVHC substances included in the Candidate List, as required by Article 33 of the REACH Regulation, and providing you with the SCIP number associated with the SCIP notification we have carried out.
- The articles/complex objects marketed by us do not release chemical substances under normal and reasonably foreseeable conditions of use.
- We neither manufacture nor import chemical substances or mixtures.
- The company maintains ongoing communication with all sub-suppliers in order to verify their position and compliance with the REACH Regulation.

Motor Power Company S.r.l. constantly monitors regulatory updates and guarantees to promptly provide the required information should the composition of the products or the applicable regulations change.

For any further information, we remain at your disposal.

Motor Power Company S.r.l.
