

Castelnovo Sotto (RE), 29/09/2020

Reference: "REACH" declaration.

Motor Power Company Srl declares to have knowledge of the EC Regulation No. 1907/2006 REACH system on registration, evaluation, authorization and restriction of chemicals, which came into effect on 1 June 2007.

Pursuant to the guidelines of the REACH regulation, we hereby inform that the items manufactured by Motor Power Company do not release chemical substances when utilized under normal and reasonable conditions.

Motor Power Company Srl does not produce or import chemical substances (either in substances nor in articles).

With reference to the substances that have been classified by law as very dangerous (SVHC), Motor Power Company Srl has carried out an extensive survey to all relevant suppliers to identify if any of their products are containing these elements in concentrations above 0,1% (weight/weight) and, if so, it has been expressly required to provide full and adequate information to ensure the safe use of the article itself.

As of today, Motor Power Company Srl has received a declaration from all its suppliers involved, attesting the absence or presence in percentage lower than 0,1% of the SVHC (Candidate List) Art. 59 REACH.

Motor Power Company Srl shall regularly inform the Customers on any new developments related to REACH and the candidate list, performing a regular surveillance activity on the relevant supplier network.

Motor Power Company S.r.l.
