

SUBJECT: Declaration of Conformity with Regulation (EU) 2017/821 (Regulation to counteract the import of certain minerals, called CONFLICT MINERALS, from conflict-affected or high-risk areas).

Dear Customer,

hereby, the company Motor Power Company S.r.l, with reference to the CONFLICT MINERALS legislation created to counteract the import of certain minerals from conflict zones or high-risk areas

WHEREAS

- EU Regulation 2017/821 entered into force on 01/01/2021;
- the regulation aims to counteract the import of Tin, Tantalum and Tungsten, their minerals, and Gold from conflict or high-risk areas;
- Motor Power Company is not an importer of the minerals mentioned above;
- Motor Power Company, in the role of Downstream user, has requested compliance with the regulations from its suppliers of raw materials;

DECLARES THAT

the raw material supplied to our company does not come from areas of risk or conflict and therefore our product complies with the regulations defined CONFLICT MINERALS.

We are committed to constantly monitoring our supplier network on regulatory developments.

For further information please do not hesitate to contact us.
